K-CUP®
MANUAL
COFFEE PRESS

Gourmia
MODEL#GKCP135
A FLAVORFUL BREW
IN JUST 30 SECONDS!

Make your favorite K-Cup® coffee anywhere, anytime. Whether you're at home, at the office or on the go, the Coffee Press from Gourmia is the best way to enjoy your choice of single serve coffee.

In just 30 seconds your coffee is ready to go. Simply select a K-Cup® coffee, tea or hot chocolate capsule and place it in the brew chamber. Then fill the water reservoir with hot water, press down on the plunger slowly, and the brewing process is complete. It’s a perfect brew, every time. Enjoy!

Thank you for your purchase! We hope you will enjoy all the innovative products brought to you by our family at Gourmia.

IMPORTANT SAFEGUARDS

Disclaimer:
Read these instructions carefully even if you are familiar with the equipment. Manufacturer/importer advisory board are not responsible for improper use due to instruction manual negligence or failure to follow directions. Before starting up the machine, ensure you are in compliance with all the basic safety precautions included in this user’s manual. It is important to understand the equipment’s proper usage and limitations in order to avoid potential dangers.

This product is intended for indoor household use only!

READ ALL SAFETY & USAGE INSTRUCTIONS BEFORE USING

- Keep this device out of reach of children or unqualified persons, since the misuse of contents and packaging materials may result in hazard or death.
- **Scorching and Burns:** Refrain from touching hot surfaces or water content while the device is in use. Instead, use handles or knobs as needed.
- Clean all the product parts that will be in contact with the coffee, thoroughly prior to use.
- This appliance can be used by children ages 8 and up, or by people with reduced physical, sensory or mental capabilities or lack of experience and knowledge, if they are given supervision and instruction concerning use of the appliance in a safe way.
- This appliance is not a toy. Keep the appliance out of reach of children aged less than 8 years.
- Do not touch hot surfaces while coffee maker is in use, or when still hot.
- Allow to cool before putting on or taking off parts and before cleaning.
- Extreme caution must be used when moving an appliance containing hot liquids or foods.

**CAUTION:** There are two sharp needles that puncture the K-Cup® capsule. One is located in the bottom of the water reservoir and the other is in the bottom of the K-Cup® capsule holder itself. To avoid risk of injury, do not put your fingers in or near the K-Cup® capsule assembly housing.

**WARNING:** DO NOT USE REUSABLE K-Cup® FILTERS. THIS MAY CAUSE BURNS.

**KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE!**
INTRODUCTION THE K-CUP® MANUAL COFFEE PRESS

K-CUP® MANUAL COFFEE PRESS
PRODUCT SPECS

1. Capsule Holder
2. Base
3. Water Reservoir
4. Plunger / Capsule Storage
   (Stores up to 3 Capsules)
5. Piercing Needles
6. Plunger Cap
USING THE K-CUP® MANUAL COFFEE PRESS

BEFORE FIRST USE

1. Carefully unpack the appliance and all parts. Remove any tape, labels or packaging material.

2. Wash all parts with warm, soapy water. Rinse and dry thoroughly.

DO NOT PLACE IN THE DISHWASHER.

BREWING COFFEE USING A K-Cup® CAPSULE

Place base on a dry, level and heat-resistant surface and heat water to just below boiling temperature (about 200°F).

DO NOT POUR BOILING WATER INTO RESEVOIR.

MANUFACTURER’S TIPS:

1. The plunger can also be used as a storage compartment for up to 3 K-Cup® capsules.

2. Different brands of capsules will affect the length of time and pressure needed to brew your coffee.

3. Adjust the flavor of your coffee by applying different pressure and length of time to complete your coffee.

USING THE K-CUP® MANUAL COFFEE PRESS

Figure 1) Place a cup in the base large enough to hold the desired amount of coffee and insert a K-Cup® capsule into the capsule holder. NOTE: Never remove or puncture the foil top of the K-Cup® capsule before inserting into the holder.

Figure 2) Place the water reservoir in the base and press down firmly to pierce the K-Cup® capsule.

Figure 3) Pour hot water into the water reservoir to your desired coffee level: 6, 8 or 10 oz.

Figure 4) Place the plunger into the water reservoir and use firm, even pressure for 20-30 seconds until water is pushed through completely. Do not push too fast to avoid splattering water and possibly causing burns.

Figure 5) Wait a few seconds for coffee to complete dripping and enjoy!

NOTE: DO NOT PULL OUT PLUNGER WITH WATER STILL IN THE RESERVOIR.

BEFORE FIRST USE

1. Carefully unpack the appliance and all parts. Remove any tape, labels or packaging material.

2. Wash all parts with warm, soapy water. Rinse and dry thoroughly.

DO NOT PLACE IN THE DISHWASHER.

CLEANING AND CARE

Cleaning:

DO NOT leave used coffee capsules in the capsule holder. Wash all parts with warm, soapy water. Rinse well and dry thoroughly. DO NOT PLACE IN THE DISHWASHER. Do not use harsh chemicals or abrasive cleaners. Dry thoroughly prior to use.

Storage:

Be sure all parts are clean and dry before storing. Store appliance in its box or in a clean, dry place. Never store it while it is hot or wet.
WARRANTY & SERVICE

This product is guaranteed under a one year limited warranty period, applicable to the original purchaser and not transferable to a third party user.

Repair or replacement of defective parts are at the seller's discretion. In the event that repair isn't possible, the seller will replace the product/part. If product repair/replacement won't suffice, the seller has the option of refunding the cash value of the product or component returned.

Product defects not covered under the warranty provisions include normal wear and damage incurred from use or accidental negligence, misuse of instruction specifications, or repair by unauthorized parties. The manufacturing company is not liable for any incidental or consequential damages incurred by such circumstances.
