Welcome to the Convenience of Rice Cookers from Gourmia

Congratulations on your purchase of the Gourmia Rice Cooker! Dinner has never been so easy! With your new Gourmia Rice Cooker you can prepare restaurant quality rice cooked to perfection with just the press of a button. It is designed to cook all different kinds of rice, including white rice and whole grain brown rice.

The Gourmia Rice Cooker includes various features that ensure convenient and safe use of the appliance. Some safety features include a “keep warm” mode, and the “delay timer” function, which allows you to put the ingredients into the pot and have it ready at a later time. It’s as simple as filling the pot with rice, adding the right amount of water and pressing a button.

The pages of this manual offer full and comprehensive instructions to guide you through the functions and features of the Gourmia Rice Cooker. In this guide, you will also find information on its modes of operation, complete step-by-step instructions on assembly, cleaning and maintenance of your appliance. Please read all safety instructions thoroughly to ensure safe usage at all times. Thank you for your purchase! We sincerely hope you will enjoy this as well as many innovative products brought to you by our family at Gourmia.
Important Safety Instructions

1. Read all instructions before using.
2. Do not use the inner pot in a gas oven or on any heated surface.
3. To protect against fire, electric shock or injury, do not immerse cord, plug or unit in water or any other liquid.
5. Unplug when not in use.
6. Do not use a base unit, cord or any accessory attachments that are not provided by the manufacturer, as this may result in fire, electric shock or injury.
7. Do not use outdoors.
8. Do not let cord hang over edge of table or counter, or touch hot surfaces.
9. Rice Cooker must be operated on a flat surface. Do not place on or near a hot gas or electric burner, in a heated oven or on top of other electric appliances.
10. The bottom and edge of the inner pot should be cleaned before use. Do not allow loose rice or particles to fall into the base of the cooker. The inner pot must be inserted into the base fully to ensure proper cooking.
11. Do not stand near the steam vent or touch it when in use. Hot steam and bubbles will be escaping from the vent.
12. Do not cover the lid with a cloth as it may become deformed.
13. Do not operate the appliance with a damaged cord or after the appliance malfunctions. Return appliance to the nearest authorized service facility for examination and repair.
14. Do not use appliance for uses other than intended.
15. Allow appliance to cool down before putting on or taking off parts, and before cleaning the appliance.
16. Close appliance before removing the plug.
17. Keep away from children when appliance is in use.
18. If cord is broken, it should be replaced by certified technicians only.
19. For household use only.

USING YOUR RICE COOKER

Clean all parts with lukewarm water and soap. Dry thoroughly before using.
*Do not immerse the appliance in water!*

BEFORE COOKING RICE:
- Rinse the rice before cooking.
- Place equal amounts of rice and water into the pot. i.e. Add one cup of rice then fill with water till the one line.
- The lines in the pot indicate how many cups of water are in the pot.
- The maximum amount of rice is 4 cups of raw rice and 8 cups of cooked rice.

REMOVABLE LID:
- Detach the removable inner lid from the rice cooker by gently pulling it outward.

WATER COLLECTOR:
- Always make sure the water collector is in place before cooking.
- To remove the water collector, hold the sides and pull outward.

LID RELEASE BUTTON:
- To open the rice cooker lid - press firmly down on the cover release button while holding the handle. Pull the cover upwards.
USING YOUR RICE COOKER

Cooking White Rice
1. Plug in the appliance.
2. Press the power button to turn on the Rice Cooker.
3. Press “white rice” to start the cooking process.
4. After five seconds the “cooking” indicator light will turn on.
5. The display screen will display a chasing light pattern and will begin cooking. The cooking process takes from 45 minutes to an hour.
6. Twelve minutes before the cooking is complete, the display screen will countdown the final minutes of cooking time.
7. After the countdown is complete, the alarm will ring ten times and a zero will be displayed.
8. Once the cooking is done, the “keep warm” option can be used for up to 10 hours.

Cooking Brown Rice
1. Plug in the appliance.
2. Press the power button to turn on the Rice Cooker.
3. Press “Brown Rice” to start the cooking process.
4. After five seconds the “cooking” indicator light will turn on.
5. The display screen will show a chasing light pattern and will begin cooking. The cooking process takes from 45 minutes to an hour.
6. 25 minutes before the cooking is complete, the display screen will countdown the final minutes of cooking time.
7. After the countdown is complete, the alarm will ring ten times and a zero will be displayed.
8. Once the cooking is done, the “keep warm” option can be used for up to 10 hours.
Using Your Rice Cooker

Steaming
1. Plug in the appliance.
2. Press the power button to turn on the appliance.
3. Press the “steam” button - the number 5 will appear on the display screen - indicating the amount of steaming time.
4. For additional cooking time - press the “steam” button to add more minutes to the steaming time.
5. The maximum amount of steaming time is 30 minutes.

Delay Timer

- Brown and white rice can be cooked using a slow cooking process using the delay timer option.
- The rice can be kept in the pot for up to 15 hours.
- Brown rice needs to be cooked for a minimum of two hours.
- White rice needs to be cooked for a minimum of one hour.

To use the delay timer function:
1. Press the power button.
2. Press “delay timer” button - 1 hour will appear on screen. For each additional hour press the “delay timer” button.
3. Press the “Brown Rice” or “White Rice” button. After five seconds the cooking process will begin.
4. Twelve minutes before the cooking is finished, the display screen will countdown the final minutes of cooking time.
5. Once the countdown is complete - the alarm will ring.

Keep Warm

Once the rice is cooked, it can be left in the Rice Cooker to serve later. Press the “keep warm” button and two lines will appear on the display screen and the indicator light will turn on. The keep warm function automatically turns off after ten hours.

Cancel Function

Within five seconds after selecting a specific mode, you can change it by pressing a different button.
Cleaning and Maintenance

- Unplug the appliance before cleaning.
- Cool down the appliance before cleaning.
- The inner pot must be cleaned after each use.
- Do not use abrasive cleaners or steel wool to wash the inner pot - as they can scratch the non-stick coating.
- Do not immerse any parts in water other than the inner pot, and water collector.
- Detach the inner pot and removable lid. Soak or wash in a dishwasher.
- Wash the inside and outside of the appliance with a damp cloth.
- Do not immerse the appliance in water.

**WARNING:**

- The appliance is very hot during use.
- Never leave the Rice Cooker unattended.
- Do not open the lid while in use.
- Do not immerse the base in water or any liquids - it may cause damage to the appliance.

**STORAGE**

Clean and dry all parts before storing. Store the Rice Cooker in its box or in a clean, dry place.
WARRANTY & SERVICE

This Limited Warranty is for one full year from the date of purchase. It is applicable to the original purchaser only and is not transferable to a third party user. Repair or replacement of defective parts is solely at the seller’s discretion. In the event that repair isn’t possible, the seller will replace the product/part. If product repair/replacement won’t suffice, the seller has the option of refunding the cash value of the product or component returned.

Product defects not covered under the Warranty provisions include normal wear and damage incurred from use or accidental negligence, misuse of instruction specifications or repair by unauthorized parties. The manufacturing company is not liable for any incidental or consequential damages incurred by such circumstances.
